

RAUNER HEALTH INSURANCE INCREASES

Terms Rauner administration seeks to impose would increase employee health costs by an average of \$3,700 in FY 18.

Want to keep your current health plan?

You'll need to enroll in what Rauner calls the "platinum" plan and your premium contribution will increase by **120%** in FY 18.

That means you'll be paying thousands more in premium contributions to keep your same insurance coverage.

AVG MONTHLY PREMIUMS	CURRENT PREMIUM	'PLATINUM' PLAN FY 18	ANNUAL \$ INCREASE
SINGLE COVERAGE HMO	\$119	\$263	+\$1,728
SINGLE COVERAGE PPO	\$144	\$318	+\$2,088
FAMILY COVERAGE HMO	\$278	\$613	+\$4,020
FAMILY COVERAGE	\$431	\$952	+\$6,252

PLAN DESIGN	CURRENT PLAN	RAUNER'S 'SILVER' PLAN
DEDUCTIBLE HMO	\$0- Single \$0 - Family	\$2,780 per person enrolled
DEDUCTIBLE PPO	\$525- Single \$1,312- Family	\$7,150 per person enrolled
OUT OF POCKET MAXIMUM HMO	\$3,000- Single \$6,000- Family	\$6,850- Single \$13,700- Family
OUT OF POCKET MAXIMUM PPO	\$1,500- Single \$3,750- Family	\$7,150- Single \$14,300- Family

Want to keep your premiums at the current level?

You'll have to enroll in Rauner's "silver plan" and see your out-of-pocket costs skyrocket.

Employee out-of-pocket liabilities **are four times higher** under the "silver" plans compared to your current coverage.

Additional health plan options will be available under Rauner's plan, with different premiums and benefit levels:

GOLD PLANS | 60% increase in employee premium contribution compared to current rates; out of pocket costs increase significantly as well.

BRONZE PLANS | \$0 premium but an extremely high deductible (\$7,150 single coverage and \$14,300 family coverage). Most health services are subject to the deductible.

ALL of the health plan choices under Rauner's plan result in drastically higher health care costs for employees.

Rauner broke off union contract negotiations and tried to impose these big cost increases on employees, but a state court has temporarily blocked him from doing so. Now he's pushing for steep cuts to the CMS group health insurance appropriation in another attempt to force these major cost shifts onto health plan participants.
